

HUMAN-CENTRIC AI: PIONEERING INDUSTRY 5.0

27. 11. 2024

15.00-17.00

Online

This project is co-funded by the European Union through the Interreg Alpine Space programme

Invitation: Webinar AI & Industry 5.0

Discover the benefits of combining AI and Industry 5.0

During the webinar you will have the opportunity to hear from leading experts on why Industry 5.0 and artificial intelligence represent a disruptive combination, where advanced technology is no longer just a tool but a partner that enables personalised, sustainable and efficient production, while enhancing human potential and creativity.

Target group: SMEs in the mechatronics, automotive, and bioeconomy sectors and everyone interested in AI&Industry 5.0

WEBINAR TOPICS:

- Defining AI & Industry 5.0
- Role of AI in Industry 5.0
- Collaborative Robots (Cobots)
- Smart Factories and Digital Twins/Worlds
- Regulatory and Policy Considerations
- Competences and education

The webinar is for free and held in English language with option for AI translating.
